June 9, 2022

*American Airlines Mainline Flights Coming Soon to Meadows Field Airport*

We're excited to announce tickets are now on sale for mainline American Airlines flights from Meadows Field Airport (BFL) to Dallas Fort Worth International Airport (DFW).

Beginning Thursday, October 6, 2022, American Airlines will be upsizing their morning and mid-day flights from a CRJ 900 to their Air Bus 319. This larger aircraft will increase comfort for our passengers, including first class seating with added amenities. Each flight will provide an additional 50 seats for passengers, along with Wi-Fi and AC power.

We're proud of this expansion because it shows Meadows Field Airport is growing as more travelers utilize our services.

To book your flight, please visit our website at [www.meadowsfield.com](http://www.meadowsfield.com).

For further inquiries, please contact Kern County Airports Director Ron Brewster at [brewsterr@kerncounty.com](mailto:brewsterr@kerncounty.com).
